Unfolding Human Potential: Technology, Knowledge, **SKILLS**

## AIFT - Our Story

Since our inception, AIFT (Accelerate India Foundation Trust) has been on a mission to lend a helping hand to the downtrodden. We believe that education, skill sets, and a burning desire to do better are available to everyone, regardless of their socio-economic background. With this mindset, we started by offering job-oriented skills to children from economically weaker sections of society.

## Our Mission

We aim to empower the underprivileged children of our society by providing them with education, skills, and opportunities for growth. Our goal is to make them self-sufficient and independent so that they can create a better future for themselves and their families.

## Our Success Story

With our dedicated efforts, we have successfully placed 130 children in various organizations over two years.

## Supporting the children of single-parent families due to pandemic

With honest intentions and a desire to help, we started the ಸಕೃಮ (ಸಕ್ಷಮ) program, which enables us to support the educational needs of single-parent children whose families have been bereaved.

Looking at our enthusiasm to support, the government has directed us to support 450+ children in the districts of Belgaum, Chamrajnagar, Dharwad, North and South Kanara.

The post-pandemic era presents a unique opportunity to serve children and empower them to complete their education.

## Our Approach

Under the ಸಕೃಮ (ಸಕ್ಷಮ) program, our small but agile AIFT team has embarked on the challenging task of supporting these students financially and emotionally.

As funds are a primary concern, we have reached out to individuals and corporations with great enthusiasm. We kindly request that you consider sponsoring at least one student under our available schemes. In appreciation of your support, we will provide quarterly progress updates on the sponsored child to help you make an informed decision about continuing the sponsorship.

### Donors can participate in any of the following categories

Supporting a child/student for school/college fee + remote Teaching assistance: 18000+3000 Per annum.

Supporting a child/student for a scholarship, notebooks, bag, nutrition, etc. + Teaching assistance: (12000/-+3000/- per annum).

Support a fully orphaned child/student for residential school locally (35000/- to 60000/-) per annum.

## Donate today and make a meaningful impact on someone's life.
